

# NEAR-SPACE NEAR YOU!

INTERSTELLAR SOLDIERS

# HAVE YOU EVER DREAMED OF SEEING THE CURVATURE OF THE EARTH?

You can do it! We've developed a lesson-plan and bill of materials (BOM) to teach you how to build a low-cost HAB capable of reaching near-space.

# TO INFINITY AND BEYOND...

You must access the following page:

<http://nearspace-nearyou.azurewebsites.net/fabricacion-y-uso/>

There you can find the steps to follow to get started as well as a series of recommendations

# START YOUR MISSION!

Start exploring your new adventure

Plan your mission, necessary materials, assembly process, recommendations

Get information on balloon types and their manufactures

## NEARSPACE NEARYOU

CURSO EXPRESS

AL INFINITO Y MÁS ALLÁ

CONSIDERACIONES POTENCIALES

FABRICACIÓN Y USO

FAQ, precautions, Agencies involved and more...

# DO YOU FEEL LOST?...

Don't worry, we have a help service. You can use the bot service, where you can check the information you require

Service to the  
Universe is always an  
honor
